/gdsc_iiitsurat

devheat BETA

Devheat Beta is a 7-day hackathon organized by GDSC, IIIT Surat exclusively for second yearites starting from 1st September 2023 with 6 problem statements. The core team members will be mentoring the students. Winners will get schwags.

Organizer :- GDSC IIIT Surat
Co Organizer :- Prakhar Ojha (Postman Students Leader)

***GDSC Event URL*** - Devheat Beta 2023 - IIIT Surat
Event Website - Devheat Beta 2023

Estimated Budget for the event -

Sr.No.	Item Name	Quantity	Rate	Amount
1.	T-Shirts	15	370/-	5550/-
2.	Sticker	30	50/-	1500/-
3.	Badges	120	30/-	3600/-
			Total	10650/-

Guidelines-

1. The number of students in a team can be 2 or 3.
2. All members of the team should be from IIIT Surat only. Cross College Teams are not allowed.
3. All the participants should be from second year only.
4. There is no restriction on branches of the students.
5. All members of the team should have a GitHub account. All members should regularly contribute by committing their work.
6. Use Postman for checking the APIs.
7. One, and only one member needs to submit the registration form, a copy of response is sent to the team member who has filled the registration form.
8. Changes are allowed only in exceptional circumstances, if you have to make any change to your registration, send an email to gdsc@iiitsurat.ac.in.
9. The rights to decide the winners remain with GDSC IIIT Surat. The results once declared will be final and binding on all the participants.
10. The DevHeat Discord Server will be the primary point of interaction for the participants and organizers, during the hacking phase of the hackathon.

There will be a hands-on session on Introduction to APIs using Postman which will give the students edge in the hackathon over others
